

# EXPANDING CAPABILITIES

The McGregor Metalworking Companies, a leader dedicated to the metalworking industry, has expanded its operations with the establishment of a new company in Aiken, South Carolina called SC Metal Products LLC. It is a new fully-equipped, 72,000 square foot manufacturing facility producing high quality metal parts used in everything from lawn mowers to all-terrain vehicles and automobiles.

Located in close proximity to a growing number of customers in the southeastern part of the United States, SC Metal Products provides outstanding service and reduces freight costs.

## SERVING A VARIETY OF INDUSTRIES

SC Metal Products produces metal stampings, split steel pulleys, sprockets and a variety of welded assemblies for applications in a broad range of industries including:

- Agriculture
- Lawn and garden
- Automotive
- Recreational vehicles

## ENGINEERING & MANUFACTURING CAPABILITIES

Top product quality can be ensured as a result of innovative engineering design capabilities, which SC Metal Products makes a priority by using the latest design and programming software. SC Metal Products has the necessary means to meet demanding production run schedules for critical deadlines with capabilities that include:

- Mechanical power press capacity up to 800 tons
- Pulley splitting equipment
- Spot and robotic welders
- Resistance welders
- Assembly cells
- Tool and die capabilities

## ONE STOP SHOP ADVANTAGES

SC Metal Products is the latest addition to an extensive family of metal working companies with strong reputations for quality, dependability and integrity. Backed by years of experience and four other manufacturing facilities located in the midwest, SC Metal Products is your one stop shop for metal stamping and pulley splitting as well as state-of-the-art welding technologies and advanced assembly techniques. Save time and money by eliminating numerous sources of supply. SC Metal Products has the reserve capacity needed to satisfy your production requirements as demand for your product increases.

## CRITICAL CUSTOMER DEADLINES

SC Metal Products provides the flexibility of delivery required to meet customers' needs. Coupled with an effective early supplier involvement process, SC Metal Products can

provide an effective, high-quality solution within an acceptable design-to-production time frame to meet critical customer deadlines and exceed all customer expectations.
